

Ammanuel Church COVID 19 Updates Nov 12th, 2021

Health Department

Younger kids in the Philly region are getting their COVID-19 vaccines, bringing long-awaited relief for parents (5-11 years old- 1 million/ 28 millions)

The COVID vaccine is the best protection against COVID that we have. And now the U.S. FDA and CDC have approved COVID vaccine for children aged 5 to 11! After reviewing data from clinical trials, they found the Pfizer vaccine to be safe and effective at preventing COVID in children. Here's the details:

The Health Department has ordered tens of thousands of doses and will continue to order more to ensure that there is enough.

Vaccination within 4 days: **77,000**

Fully Vaccinated = **992,384 (73.5%)**
